

The Edge Brownie Pan™

We think the best brownies have moist centers, a paper-thin crackly crust, and lots of chewy edges. If you agree, you'll love the Edge Brownie Pan™. It's the only brownie pan that adds two chewy edges to every brownie. The pan's patented sidewalls also improve baking performance by circulating heat evenly to the pan's middle, where food typically takes longer to bake. Unique features include:

- adds two chewy edges to every brownie
- fits standard box mixes with no adjustments necessary
- one continuous chamber, so batter can be easily spread
- interior sidewalls circulate heat evenly to every serving
- durable nonstick coating and round, easy-to-clean corners
- heavy-gauge cast aluminum construction (professional grade)
- all pans are 100% made in the USA

Your Favorite Recipes

Your Edge Brownie Pan™ is versatile and sized to fit most box mixes, so you can use it to bake almost any dessert. It's the perfect choice for chewy brownies and blondies, cookie bars, cheesecake bars, cereal bars, lemon bars, shortbread and more:

- Blueberry Bread and Butter Pudding
- Pineapple Upside Down Cake
- Turtle Cheesecake Bars
- Cinnamon Streusel Coffee Cake
- Cappuccino Brownies
- Apple Cranberry Cobbler
- Gingerbread
- Zucchini Walnut Bread
- Pecan Praline Scones

Cleaning Your Pan

- Before the first use, wash the pan in hot, soapy water and then towel it dry. For the best results, we recommend using a soap dispensing dishwashing wand with a soft sponge at the end of the handle. Most dishwashing wands fit perfectly between the pan's interior sidewalls.
- Never use abrasive cleansers, bleach, steel wool, scouring pads, or harsh chemical fluids. For occasional dried-on food, simply soak the pan in hot water for a few minutes and then scrub it with a damp sponge or cloth.
- The Edge Brownie Pan™ is not dishwasher safe. Please hand-wash the pan to avoid possible damage to the nonstick coating.

Use and Care

Your Edge Brownie Pan™ is oven-safe to 500 degrees Fahrenheit in a conventional oven. The pan should not be used to cook food on a stovetop burner and never use it in a microwave oven.

- The pan's handles will be very hot when the pan is removed from the oven, so always use oven mitts or a hot pad.
- Because the pan has 70% more edge (side) baking surface than conventional pans, some recipes may bake in less time. If your recipe calls for a baking time of 25 minutes or more, check for doneness a few minutes early. Make a note of your adjustments, if any, for future reference.

Recommended Utensils

Only nonstick-safe utensils should be used with your Edge Brownie Pan™. Never use metal or other sharp utensils. Scraping the pan or applying heavy pressure could scuff or scratch the coating. Turners and spatulas with a width of 2" or less at the tip will fit the pan the best.
